

A scenic sunset over a body of water. The sun is low on the horizon, creating a bright orange glow and a long, shimmering reflection on the water's surface. To the left, a large, dark silhouette of a tree stands on a grassy bank, with a building partially visible behind it. The sky is a mix of soft orange and pale blue, with a few wispy clouds. In the distance, across the water, a low-lying shoreline with some buildings and a few small boats can be seen. A small, bright green circular light is visible on the right side of the image, near the horizon.

Take drugs out of your life

My  
dog  
sighs.

Had we lived, I should have had a tale to tell of  
the hardihood, endurance, and courage of my  
companions which would have stirred the heart  
of every Englishman.

These rough notes and our dead bodies  
must tell the tale,

but surely, surely, a great rich  
country like ours will see that  
those who are dependent on us  
are properly provided for?
